

Integrators/Suppliers:

Increase Sales With:

HECO, Inc. in Kalamazoo, Michigan was able to increase its New Motor and Motor Repair sales by over \$1,000,000 in less than a year by offering TracRat to it's customers!

TracRat is:

- An Repairable Asset Management software that allows your customers to know what is in their repairable asset inventory and what is in-service vs. spare.
- Allows you to store all repair history on-line so you don't have to go digging through file boxes next time the item comes for repair.
- Helps to create preventative maintenance schedules for your customers!

It is time to get a piece of your customer's savings pie!
